Style Guide for Alumni Projects

INTRODUCTION

This document serves as a guidebook for all communications material designed, printed and/or distributed under the banner of the Pakistan-U.S. Alumni Network (PUAN). These projects include Alumni Small Grants (ASG) projects, chapter activities and any other activity that is held with the support of the PUAN.

The purpose of this guidebook is to identify pertinent branding guidelines and does not limit and/or constrain any design innovations you may want to incorporate.

Approval Mechanism
All promotional material for online and offline dissemination must be approved by the PUAN office over email. Kindly email your designs to asg@usefpakistan.org for approval, prior to printing and/or uploading.

Waivers
Alumni may request a waiver for using the logos in their promotional material if there are certain risks associated with it. However, this must be mentioned in the grant application in detail followed by an approval, in writing, from the U.S. Embassy and PUAN.

TEXT GUIDELINES

Please use the complete name i.e. Pakistan-U.S. Alumni Network and not PUAN or any other abbreviated form in all promotional material. Similarly, please use U.S. Embassy and not US Embassy or any other variation.

Standard Acknowledgement Line

Supported by the U.S. Embassy in Partnership with the Pakistan-U.S. Alumni Network (PUAN)

This line is to be used on all promotional material printed including, banners, standees, brochures, certificates, or any other promotional item. The correct placement of this line is right after the project title.

In case of any questions, please email asg@usefpakistan.org
For chapter activities, the name of the chapter e.g. Islamabad/Rawalpindi Chapter may be added underneath the standard acknowledgement line.

Please **do not** use *sponsored by*, *funded by*, *in collaboration with*, or any other variation to the aforementioned line.

**Website**

We strongly recommend placing the PUAN website URL in your main banner and/or standee, since your project’s story and photographs will be published on this address. Please place the web URL in the lower third of your design, preferably center-aligned. The correct URL is [http://www.pakusalumninetwork.com](http://www.pakusalumninetwork.com).

If you would like to place PUAN’s social media account handles, please use the following:

Facebook: @PakAlumni | Twitter @PakUSAlumni | Instagram @PakUSAlumni

**LOGO GUIDELINES**

For all ASG events, reunions, chapter activities or any other events that may be arranged by alumni, it is compulsory that prior written consent is taken from the U.S Embassy Islamabad and/or the U.S Consulates, and the PUAN office, before the logos are used in the branding for the events.

**Placement**

The standard rectangular U.S. flag and PUAN logo are to be used in a size and prominence equal to (or greater than) any other logo or identity. The logos should be placed in the header with a 0.5 px space in between the logos on all sides.

In case of collaboration with a **third party**, please get prior approval over email from [asg@usefpakistan.org](mailto:asg@usefpakistan.org). The logos may be placed together in the header in a size equal to, but not greater than, the two logos of U.S. Embassy and PUAN.

For all chapter activities and small grants, alumni are required to capture photographs of the event and the attendees, with the written consent of the participants. These photographs are required for reporting and may be used by PUAN for promotional purposes on digital media.

For all events, photographs represent the essence of the activity. You may use a DSLR or your phone’s camera to capture the photographs. However, we require all photographs to be in-focus, properly exposed, and appropriately framed. Please ensure that you have 5–10 photographs of each activity that is done as part of your project.

The following list outlines that types of photographs we would require for reporting and promotional purposes:

1. A wide-angle shot of the event location from multiple angles. This shot should cover all participants, speakers, and branding material positioned in the venue.
2. Group photos with the chief guest/trainer/project lead
3. Close-up activity shots of participants and speakers during the project
4. Opening/Closing Ceremony

**VIDEOS**

For all chapter activities and small grant projects, alumni are required to record video clips of the event and short interviews, with consent from the participants in writing. These clips are required for monitoring and may be used by PUAN for promotional purposes on digital media.

For videos of events, please take a wide shot of the event from multiple angles. This should be coupled with activity shots of participants that helps to highlight the essence of the activity. The time duration of this video should not be more than 1 minute.

For interviews, please shoot the video in a quiet, but well-lit, location with your project’s standee/banner placed in the background. We strongly advise shooting in landscape mode with your subject facing the light. The time duration for interviews is between 30 seconds–1 minute. You may design your own questions, based on the following script:

1. Please state your name and association
2. What did you learn from today’s session/this project?

In case of any questions, please email asg@usefpakistan.org
3. What was your favorite activity from today’s session / this project?
4. How do you plan to implement what you have learned?

**QUESTIONS**

For any further questions, please email your concerns to asg@usefpakistan.org with the subject line: Style Guide.
